

EXTREMELY USER-FRIENDLY COMPUTER INFLATOR

PCI 900 is a full automatic computer inflator.

PCI 900 can be used in combination with both AHCON inflation stations and AHCON safety inflation cages.

The computer inflator is the result of our extensive experience within development of computer inflators. It has a fast and simple operation and is very user-friendly.

The software contains 3 permanent programs for different settings of overpressure.

AVAILABLE
IN A 7 BAR
AND 12 BAR
VERSION

APPROVED
ACCORDING TO
EUROPEAN
STANDARDS

FEATURES

- Extremely user-friendly operation
- High measuring accuracy and easy readable display
