

# AHCON PCI 1200 COMPUTER INFLATOR

## USER-FRIENDLY AND STREAMLINED COMPUTER INFLATOR

PCI 1200 computer inflator may be used in connection with both AHCON inflation stations and AHCON safety inflation cages.

PCI 1200 is a handsome and streamlined computer inflator with short processing time, easy operation, long lifespan and great measurement accuracy. As a special feature it is approved according to European standards.

VERY ACCURATE AND QUICK TO USE

APPROVED ACCORDING TO EUROPEAN STANDARDS

### FEATURES

- Extremely user-friendly operation and very low noise level
- Great measurement accuracy, typically within +/- 0.02 Bar
- Automatic safety ventilation on power failure
- Available in ABS plastic casing in the colour RAL 7016
- Final pressure/excess pressure may be programmed with a few keystrokes on the four program keys
- Available in a 7-Bar and a 12-Bar version
- Also suitable for nitrogen inflation
- High airflow means quick inflation and short processing time
- 4" screen with easy-to-read display with large figures
- Hibernation mode activates after one hour without use. Restarts immediately after hibernation

### MODEL

| MODEL                             | ITEM NO.   | MEASUREMENT UNITS | POWER CONNECTION                |
|-----------------------------------|------------|-------------------|---------------------------------|
| PCI 1200/7 bar computer inflator  | 100 12 070 | Bar/PSI/kPa       | 110 - 230V (+/- 10%) - 50/60 HZ |
| PCI 1200/12 bar computer inflator | 100 12 120 | Bar/PSI/kPa       | 110 - 230V (+/- 10%) - 50/60 HZ |

### ACCESSORIES

#### HOLDER

For mounting of PCI on safety inflation cage and inflation station.

Item no.  
900 55 019, TBR ALCATRAZ/IT 200

Item no.  
900 55 021, TBR 1200

Item no.  
900 55 022/025, OTR 2000/MAXI SAFE

#### WALL BRACKET

Bracket for wall mounting of PCI.

Item no.  
900 52 007

#### FLOOR STAND

For PCI mounting next to the inflation cage.

Item no.  
900 55 011
