WHEEL TROLLEY RECYCLED – MAKES YOUR WORKSHOP MORE SUSTAINABLE

Wheel Trolley Recycled covers our complete range of round and square trolleys – and they are all available in the color black. They are made of excess material from the car industry and recycled parts from damaged cars.

For us it is a great joy to know that the use of recycled material reduces the emission of between 4 and 11 kg CO₂ per trolley – compared to our previous Wheel Trolleys.

It is a very simple way to contribute to leaving a greener footprint on the world.

Wheel Trolley Recycled ist unser komplettes Sortiment an runden und eckigen Trolleys – und sie sind alle in der Farbe Schwarz erhältlich. Sie bestehen aus überschüssigem Material der Automobilindustrie und recycelten Teilen beschädigter Autos.

Für uns ist es eine große Freude zu wissen, dass durch die Verwendung von recyceltem Material der CO₂-Emissionen von 4-11 kg pro Trolley reduziert wird – im Vergleich zu unseren bisherigen Wheel Trolleys.

Es ist eine sehr einfache Möglichkeit, dazu beizutragen, einen grüneren Fußabdruck auf der Welt zu hinterlassen.

Wheel Trolley Recycled dækker vores komplette sortiment af runde og firkantede vogne – og de fås alle i farven sort. De er lavet af overskydende materiale fra bilindustrien og genbrugsdele fra beskadigede biler.

For os er det en stor glæde at vide, at brugen af genbrugsmateriale reducerer udledningen af mellem 4 og 11 kg CO₂ – sammenlignet med vores tidligere hjulvogne.

Det er en meget enkel måde at bidrage til at sætte et grønnere fodaftryk på verden.

MAKE THE WORKSHOP MORE GREEN AND ENVIRONMENTALLY FRIENDLY

BY
AHCON®
MADE IN DENMARK

- Wheel Trolley is a brand created in Denmark in 2006
- All Wheel Trolley models are produced and assembled in Denmark
- Wheel Trolleys are made of recycled material from the car industry
- We simply love to make it easy, ergonomic and safe to transport wheels and tyres

WHEEL TROLLEY RECYCLED STANDARD

The standard version that is compatible with several types of our lifting equipment

A clever transport unit for normal-sized wheels and tyres. The Trolley is designed for either 8 tyres or 4 complete wheels.

The Wheel Trolley is compatible with several different types of lifting equipment that can be used to raise the Wheel Trolley up and ensure an ergonomic working height.

Cleveres Transportgerät für Räder und Reifen in normaler Größe. Die Standard Version ist für 8 Reifen oder 4 Kompletträder ausgelegt.

Dieser Wheel Trolley ist mit verschiedenen Arten von Hubgeräten kompatibel, die genutzt werden können, um den Wheel Trolley anzuheben und so eine ergonomische Arbeitshöhe zu gewährleisten.

Smart transportenhed til hjul og dæk i normal størrelse. Trolleyen er beregnet til enten 8 dæk eller 4 komplette hjul.

Wheel Trolleyen er kompatibel med flere forskellige typer af løfteudstyr, som kan bruges til at hæve Wheel Trolleyen op og sikre en ergonomisk arbejds højde.

WHEEL TROLLEY RECYCLED OFFROAD

The perfect choice for medium-sized wheels and for driving across uneven surfaces

Wheel Trolley Off Road is with a diameter of 700 mm ideal for loading and transportation of medium-sized wheels and tyres – like van- and 4X4 wheels.

Wheel Trolley Off Road is fitted with extra-large casters, making the transport on uneven surfaces easier – for instance across courtyards etc.

Der Wheel Trolley Off Road hat einen Durchmesser von 700 mm und eignet sich damit ideal zur Ladung und zum Transport von mittelgroßen Reifen und Rädern, wie LLKW- und 4X4-Räder.

Der Wheel Trolley Off Road ist mit extra großen Rädern ausgestattet, um den Transport über unebene Flächen zu erleichtern – z. B. über Hofanlagen etc.

Wheel Trolley Off Road passer med en diameter på 700 mm til last og transport af mellemstore dæk og hjul såsom varevogns- og 4X4 hjul.

Wheel Trolley Off Road er monteret med ekstra store hjul, som letter kørslen henover ujævne underlag – f.eks. henover gårdspladser o.l.

WHEEL TROLLEY RECYCLED XL

Choose this trolley for transporting extra large and heavy wheels around the workshop

The Wheel Trolley XL is suitable for the transport of SUV wheels, 4x4 wheels, van wheels and other large wheels.

It is a completely indispensable tool for handling and transporting large and extra-heavy tyres around the workshop.

Der Wheel Trolley XL ist bestens für den Transport von LLKW-, SUV- und 4X4-Rädern, sowie anderen größeren Rädern geeignet.

Dieser Trolley ist bei Handhabung und Transport der großen und besonders schweren Räder in der Werkstatt absolut unentbehrlich.

Wheel Trolley XL passer til transport af SUV hjul, 4X4 hjul, varevognshjul og andre større hjul.

Denne trolley er helt uundværlig til håndtering og transport af de store og ekstra tunge hjul på værkstedet.

WHEEL TROLLEY RECYCLED EASY LIFT

Automatic adjustment of the height according to the load placed on the top

The Wheel Trolley Easy Lift is an elevated Wheel Trolley, which, with the help of springs, raises and lowers according to load. A brilliant feature, when you wish to save yourself for heavy lifting and relieve knees and back.

Use it when mounting and dismounting wheels, and for an ergonomic connection to the Tyre changer.

Wheel Trolley Easy Lift can improve the work environment considerably when handling tyres. Good ergonomics with just a small investment.

Der Wheel Trolley Easy Lift hebt und senkt sich dank Federn bei Belastung. Eine geniale Eigenschaft, wenn man gern unnötige Hebevorgänge sparen und die Knie und den Rücken entlasten möchte.

Er wird für die Montage und Demontage von Rädern verwendet und für die ergonomische Verbindung zur Reifenmontiermaschine benutzt.

Der Wheel Trolley Easy Lift hilft, die Arbeitshaltung beim Reifenservice wesentlich zu verbessern. Gute Ergonomie bei kleiner Investition.

Wheel Trolley Easy Lift er en forhøjet Wheel Trolley, som via fjedre hæver og sænker sig i forhold til belastning. En genial egenskab, når man gerne vil spare på de tunge løft og aflaste knæ og ryg.

Anvendes ved af- og påmontering af hjul samt som en ergonomisk overgang til dækskiftmaskinen.

Wheel Trolley Easy Lift kan forbedre arbejdsmiljøet ved dækhåndtering betragteligt. God ergonomi for en lille investering.

WHEEL TROLLEY RECYCLED PALLET BASIC

The square version of the Wheel Trolley for many types of storage

The Wheel Pallet is perfectly suited for mobile storage of various forms of goods, including tyres.

In large warehouses and storage facilities for tyres, Wheel Pallets are used for tyre storage.

Der Wheel Pallet ist perfekt für die mobile Aufbewahrung vieler verschiedener Waren geeignet, inkl. reifen.

In großen Reifenhallen und -lagern werden Wheel Pallets vor allem zur Lagerung von Reifen verwendet.

Wheel Pallet egner sig perfekt til mobil opbevaring af mange forskellige former for gods – herunder også dæk.

På store dæklagre og i dækhoteller anvendes Wheel Pallets til opmagasinering af dæk.

WHEEL CADDY

Fast and ergonomically good transportation of a Wheel Trolley loaded with 4 wheels

The Wheel Caddy is a highly functional tyre and wheel carriage. It is an indispensable helping hand when a Wheel Trolley including wheels is to be transported over slightly longer distances than across the workshop floor.

The clever caddy is fitted with large wheels, which makes it easy to run on uneven surfaces, even when loaded.

Der Wheel Caddy ist ein äußerst funktioneller Reifen- und Radwagen. Er ist eine unentbehrliche Hilfe beim Transport von mit Rädern beladenen Wheel Trolleys – vor allem bei größeren Distanzen, als lediglich innerhalb der Werkstatt.

Der clevere Caddy besitzt große Räder, die das Fahren auf unebenen Oberflächen, auch mit großen Lasten, erleichtern.

Wheel Caddy er en top funktionel dæk- og hjulvogn. Den er en uundværlig hjælpende hånd, når en Wheel Trolley inkl. hjul skal transporteres over lidt større afstande end blot henover værkstedsgulvet.

Den smarte caddy er med store hjul, der gør det nemt at køre på ujævnt underlag – også med last.

RUNS EASY – EVEN WHEN LOADED AND ON UNEVEN SURFACES

WHEEL TROLLEY ANTI-SLIP

Round rubber mats – can be placed between complete wheels or rimes

Avoid that wheels and rims slide off the Wheel Trolley during transport. Wheel Trolley Anti-slip are round rubber mats that can be placed between complete wheels or rimes that are stacked.

Wheel Trolley Anti-slip mats are made of recycled rubber granules and come in two diameters: 600 mm and 700 mm.

Wheel Trolley Anti-slip fits perfectly all of our Wheel Trolleys by AHCON.

Vermeiden sie, dass Räder und Felgen während des Transports vom Wheel Trolley rutschen. Bei den Wheel Trolley Anti-slip handelt es sich um runde Gummimatten, die zwischen gestapelte Komplettträder oder Felgen gelegt werden.

Die Wheel Trolley Anti-slip werden aus recyceltem Gummigranulat hergestellt und sind in 2 verschiedenen Durchmesser erhältlich: 600 mm und 700 mm.

Wheel Trolley Anti-slip passen somit zu all unseren Wheel Trolleys by AHCON.

Undgå at hjul og fælge skrider af Wheel Trolleyen under transport. Wheel Trolley Anti-slip er runde gummimåtter, der lægges imellem komplette hjul eller fælge, der stables.

Wheel Trolley Anti-slip er produceret i genbrugs gummigranulat og fås i 2 diameter: 600 mm og 700 mm.

Wheel Trolley Anti-slip passer derfor perfekt til alle vores Wheel Trolleys by AHCON.
